

## Commanding Officers Letter

"Outstanding behaviour " was one of the countless comments from members of the public and other members from Churches Together, during the "Lighting the Way" service held at Newlands County Primary School in Barwell. This was attended by a group of twenty young members of our brigade.

"I can't believe what a lovely group of people they are". This was another comment by one of our new parents that joined us at the k'nex Challenge held at St. Crispins Braunstone, she was overwhelmed by the behaviour, kindness and comradeship shown by all members of our company. At the K'nex Challenge members joined other Companies for this annual event, which was run by Martin Lambourne from National Brigade Headquarters. It was a challenge to make models from K'nex with a space theme, the making of lunar models. All thanks to Mandy & Paul from St Crispins making it a good day for all and hosting the event.

On the 1<sup>st</sup> of December we launched our new Website on the Internet, this is now starting to grow in size containing information, stories, photos, and videos of Brigade activities and forth-coming events. Before you leave this website please be so kind as to sign our guest book. Thank you.

Members are currently working along with Phoenix Digital Studios in Leicester on a film project through the "Igniting Ambition" Project which is a fund from the Olympic 2012 especially for projects that engage young people in activities with Olympic themes "personal best". Members are to write, cast, direct, film and edit a ten-minute production. A scriptwriter and an actor will visit the brigade to help them with the project. The film will be show cased in a Premier at the Curve Theatre Leicester, in the spring, plus other venues, where we will need plenty of support, so come along and watch the film.

Many thanks for all your continued support.
