

## Film Club News

Members are currently working along with Phoenix Digital Studios in Leicester on a film project through the Igniting Ambition Project which is a fund from the Olympic 2012, Especially for projects that engage young people in activities with Olympic themes “ personal best “ .Members are to write, cast, direct, film and edit a ten

minute production. A script writer and an actor will visit brigade to help them with the project. The film will be show cased at a film premier in Leicester, possibly at the Phoenix theatre in the

spring plus other venues, where we will need plenty of support to come along to watch the film.

In the picture it shows members getting to grips with the cameras and looking at filming different shots.

Once we start filming we may have to be on location long hours to get the project filmed.

At present we are writing the story with filming getting on the way. Please watch our video below , if the video fails to appear copy and paste the following link into your address bar.
