FILM PREMIER SATURDAY 25TH MAY 2010

As many of you now may know we are currently making a ten minute film to be premiered in Leicester with limo's and a red carpet job. Members are currently working along with Phoenix Digital Studios in Leicester on a film project through the Igniting Ambition Project which is a fund from the Olympic 2012, Especially for projects that engage young people in activities with Olympic themes " personal best ". Members had to write, cast, direct, film and edit a ten minute production. Script writers and actors have visited brigade to help them with the project. The film will be show cased at a film premier in Leicester, at the Phoenix Theatre on Saturday 15th May along with being shown at other venues such as Snibson Discovery Park and other local film festivals where members will be invited to talk to the public about the film. Young leaders and members have been trained to operate all the camera and sound equipment. As i am writing this letter today we have just came back from filming for eight hours creating one hundred and fifty shots to be edited, it took four full days on locations . I never thought that so much work and filming would go into making a ten minute film, with only three weeks to go before its ready we now have to travel to the editing studio to trawl through all the footage to find the best shots. One simple shot of two girls walking to school took ten times to get it right without them bursting into laughing fits. If you want to view our early behind the scenes then go to www.esclcgb.co.uk and look on the video gallery, then click on the links to the four days on location.
